ABSTRACT

Evaluation of β -diversity partitioning in its spatial turnover (B_{JTU}) and nestedness (B_{JNE}) components along a latitudinal gradient across biogeographic provinces.

GUIDELINES

We obtained β -diversity partitioning in its spatial turnover (B_{JTU}) and nestedness (B_{JNE}) components along a latitudinal gradient across biogeographic provinces using Betapart package in R project, following to <https://cran.r-project.org/web/packages/betapart/betapart.pdf>
