Abstract

Our protocols are constantly evolving and old versions will be deleted.
The documents here are not intended to be cited in publications

General BIC BioProject

- 1 If your GenBank sequences merit their own BioProject, use the Bioprojects protocol to create a new one
- 2 If you are submitting GenBank sequences that came from a BIC specimen but do not belong to another BioProject (e.g., DDT, Southern California Borderlands), please link your sequences to the following BIC BioProject with Accession PRJNA1136884:
<https://www.ncbi.nlm.nih.gov/bioproject/1136884>
