Abstract

Open Historiography is the rule of law (RoL) academic scholar application to historical studies of meta-historical self-disclosure audit using the open access scholarship, open source technologies, open science transparency best practices. It was developed through years of open justice open diplomacy policymaking along cultural projects social solidarity economy (SSE) development with the most respected international organizations and was compiled for the University of São Paulo (USP) Institute of Advanced Studies (IEA) Urban Religion Summit to base the collaborative development of my study on the historicity of open education.

Guidelines

Follow each step precisely under local and international rule of law (RoL).
