GUIDELINES

Shipments should be tracked via FedEx documentation.
MATERIALS TEXT
- Shipping box
- Bubble wrap or alternative packing supplies
- Paraffin blocks
- Packing Tape
- FedEx documentation
- Customs Form

SAFETY WARNINGS
- Human tissue derived paraffin blocks should be handled wearing gloves

BEFORE STARTING
- Before submitting the box for shipping, please contact the Bodenmiller lab by email to confirm that they are prepared to receive samples.

1. Obtain a small box, large enough to accommodate a FedEx shipping label. Wrap each paraffin block separately with protective wrapping. Include paperwork identifying the block numbers for the blocks being shipped. Stuff the empty space in the box to secure the blocks in place. Seal the box with shipping tape.

2. Create a shipping label through the FedEx website. Select Priority Overnight Shipping. Enter the address in the document box below. Print out label.

3. In addition to the shipping label, a customs invoice must be created to ship internationally (template attached).

   FedEx Customs Invoice.doc

4. Place the customs invoice underneath the shipping label and have the shipping label barcode facing out. Deposit sealed box into a FedEx station.
